

Heavy-Duty Emissions Systems Clamps

For heavy-duty commercial applications, NORMA Group offers a broad line of OE quality products engineered to meet the highest emission standards. Our reliable performance backed by superior service and support programs makes NORMA Group the choice of OEMs for diesel particulate filter canisters, exhaust piping and many other serviceable system joints.

The Choice of Original Equipment Manufacturers (OEMs)

- Manufactured to the highest tolerances and OEM specs to increase the effectiveness of a vehicle's filtration system
- Performance engineered stainless steel construction for long-term durability & reliability

Domestic Manufacturing, Service, Support and Availability

- NORMA Group products are made in the USA
- Our North American facilities and distribution center gets you the right part, on-time
- No waiting for overseas shipments

* All BREEZE and Torca Made in the USA.

Note: You may void warranty by not using OEM specified replacement parts.
