

Joining Forces

From transportation to industrial operations, NORMA Group products are engineered to perform in the most demanding environments where safety and productivity are essential.

Automotive

With our clamps featured on winning Grand Prix vehicles, we set the standard for quality, safety and performance.

Industrial

We all look to our preferred airlines to provide us with reliable connections – from the first leg of our trip to landing at our destination. But, who do the airlines rely on for THEIR connections? NORMA Group. Providing the most reliable clamps and connectors available – critical to ultimate engine performance, we help ensure peace of mind even at 30,000 miles above ground.

Agriculture

Food fuels life. Our clamps and connectors are an essential element of our nation’s farming irrigation systems. And, we keep many key irrigation systems running smoothly – every day.

Marine/Oil Exploitation

You can count on us for lasting performance in harsh, corrosive environments. Our quality products protect against the economic and environmental risks of failure.

Heavy Truck Applications

Customers trust us to provide long-lasting, heavy-duty products – engineered to withstand demanding conditions and extensive mileage.

Construction Equipment

Time is money. If equipment fails, customers lose productive time on the job. Preferred by OE’s globally, our clamps and connectors help ensure safe, reliable performance.

Precision, Passion and Performance

Our commitment to technology, research and engineering has made us the world's leading provider of engineered joining solutions for more than 100 years.

\$115 Million United States
\$250 Million Globally

annual investment in product development, engineering and testing

3,000 Engineering Hours

go into the the design, development and testing of every product

35,000 SKUs plus
Custom Solutions

including custom size and material designed to meet any requirement

Fast Distribution & Shipment

48-hour shipment for all in-stock SKUS from our 74,000 sq. foot distribution center in Michigan

Did you know?

There are at least 20 NORMA Group parts installed in every vehicle in the world?
